CB Circular No. : 22/2025

To : All Heads of Commercial Bank

**IMPLEMENTATION OF THE CURRENCY AUTOMATION SYSTEM**

---

We are pleased to inform all commercial banks that the Currency Automation System (CAS) has officially gone live, following extensive training and preparation. The rollout of CAS is being implemented in phases, beginning with the Bank of Zambia Head Office in Lusaka, and will subsequently extend to the Bank of Zambia Regional Office in Ndola, and thereafter to all seven sub-chests nationwide.

This milestone marks a significant step in the modernization of currency operations, aimed at enhancing efficiency and streamlining the management of currency transactions. CAS introduces key process improvements for commercial banks, including the electronic submission of cash withdrawal and deposit notifications, as well as the execution of payments with the Bank. Commercial banks will be informed as the phased implementation progresses to other sites.

Commercial banks are now required to submit notices for cash withdrawals and deposits of the **Heritage series** exclusively via the e-portal, accessible through the address below:

IP Address: **192.168.14.2**, <https://192.168.14.2:9443/eclient/login>.

Notices for cash deposits of the **old series** will continue to follow existing procedures. The Bank of Zambia will manage debits related to cash withdrawals, shortages, and penalties through the Payment Originator facility, while deposits and overages will be credited to commercial banks' settlement accounts in line with current practice.

To ensure a smooth transition, commercial banks are encouraged to whitelist their systems for uninterrupted access to the e-portal. All transactions should be submitted by authorized portal users or signatories, in accordance with existing authorization protocols.

For further clarifications, kindly contact Mrs. Angela N. Chileshe, Director – Banking and Currency Department at +260 211 399300 or via email at [anachivu@boz.zm](mailto:anachivu@boz.zm).
