

PUBLIC NOTICE

BoZ TO LAUNCH NEW WEBSITE

The Bank wishes to advise members of the public that it will launch its redesigned website on Wednesday, March 25, 2026. The URL www.boz.zm will remain unchanged.

The Bank embarked on upgrading its website as a strategic response to the evolving information needs of our various stakeholders, as well as the rapid advancements in digital technology and the opportunities and threats they present. The upgrade was aimed at achieving more intuitive navigation and search capabilities, improved page structure, enhanced security, and a responsive design that allows visitors optimal experience across different devices and screen sizes, such as desktop computers, tablets or mobile phones. The new website also introduces new features such as calculators and a chatbot.

The website is the Bank's main outward-facing communication channel used to disseminate information on our mandate, functions, operations, and policy decisions, among other critical updates. This upgrade is, therefore, part of our continued commitment to transparency through easily accessible communication.

The new website is scheduled to go live at **midnight/12 am on Wednesday, March 25, 2026.**

The Bank is grateful to all internal and external stakeholders whose feedback contributed to informing the new design and improving overall user experience. Visitors to the website are encouraged to also share their feedback on info@boz.zm.
